Learn Photography

Photography has always inspired me because it lets me freeze little pieces of time, moments you can look back on forever. What started with one photo that sparked my passion has grown into a love for capturing maternity and engagement sessions, where I get to tell stories of new beginnings.

Learning alongside Jess has been amazing, her guidance gave me the confidence to connect with clients and shape my own style.

From my very first lesson at the display house to memorable shoots like Haylee & Caleb's, I've grown so much (even surviving the infamous SD card mishap!).

I launched my page to share these moments and keep growing as a photographer. Families, milestones, and honest storytelling are at the heart of what I do, and while I'm still building my portfolio, I'm excited to keep improving, upgrading my gear, and creating timeless memories for every client.
